Call **904.265.6787** or email centerofhope@fssnf.org to learn more.

Be Strong Families is internationally known as an innovator in using small group conversations called Cafés to facilitate transformation and healing within families. Over the last 10 years, Cafés have been organized around domains of vitality, for the recovery community, for parents of teens, for parents of children with disabilities, for fathers, to promote social justice as well as for youth and emerging adults. This peer-to-peer learning process has families working together to grow stronger.
